

POWERSTRIP INSTRUCTION

Features:

- Distributes power from a power supply to five electrical devices
- Three channels are equipped with switches and orange LEDs for current up to 10 Amperes each
- Two channels for high current up to 40 Amperes(total) with green LEDs
- USB Power 5V/1A
- All channels protected by fuse
- Aluminum body for superior heat dissipation
- 12 AWG Silicon wire for high current

Specification:

Input Voltage: 6 – 24V DC

Current Limit: Channel 1 & 2: 40 Amps total

Channel 3 – 5: 10 Amps each

Length of power cable: 350mm

Dimension: 160x60x41mm

Net Weight: 251g
